Variable Speed Drive

**SPECIFICATIONS**

|                      |                     |
|----------------------|---------------------|
| Family               | Altivar 12          |
| Product Line         | AC Drives           |
| Output Ampere Rating | 7.5                 |
| Application          | Variable & Constant |
| Enclosure Rating     | IP20                |
| Frame Size           | B                   |
| HP Rating            | 2                   |
| kW Rating            | 1.5                 |
| Voltage Rating       | 230/230VAC          |
| Input Phase          | 3 Phase             |
| Output Phase         | 3 Phase             |
| Control Voltage      | 24Vdc               |
| Logic Input          | 4                   |
| Analog Input         | 1                   |

|                     |                                                   |
|---------------------|---------------------------------------------------|
| Analog Output       | 1                                                 |
| Logic/Relay Outputs | 1 protected relay output, 1 N/O contact and 1 N/C |
| Weight [lb]         | 2.64                                              |
| Weight [kg]         | 1.20                                              |
| UL File No.         | E116875                                           |
| CSA File            | 2159172                                           |
| Other               | CE, GOST, RoHS, NOM, EMITECH,UL                   |
| Communication       | Modbus                                            |
