

Plastic Boxes
Plastibox
Style E

Click on Image for Larger View

Available in a variety of styles and sizes, these functional utility enclosures are made from UL rated high impact plastics with a scratch resistant finish.

Design Features

Contact BUD factory for optional colors, materials, EMI/RFI shielding and custom modifications. Styles E, F & G have square corners and provisions for mounting horizontal and vertical PCBs. ABS plastic, UL94-HB flammability rating, suggested service temperature -40C to 80C available in black or gray.

Finishes

Available in two types of finishes and with or without battery compartments, refer to the following prefix description to insure proper ordering.

- PS - Textured body with smooth insert.
- PT - Textured body with textured top.
- PBS - Textured body with smooth top insert and 9-volt battery compartment.
- PSS - Textured body with smooth top and end panels.
- PSP - Textured body with smooth top and sloped panels.
- PBSP - Textured body with smooth top, and sloped panel, and battery compartment.
