After Change

Overview

- To provide the supporting ribs to hub in the MLX series of Plug & Cap housings as shown in below pictures. These additional supporting ribs are being added to provide extra strength to the hub so that it do not get pulled out from its position during molding process. This correction is planned for 12 Molds.
- Product Impact -This change will have no impact on Fit/Function of the product
- Part Number Impact –refer attached  Part number list-502888
- PPAP and samples available upon request
