

ZHD-SCE

Zero Halogen, Diesel Resistant

Heat Shrink Identification Marker Sleeves

TECHNICAL DATASHEET

TTDS-263 Revision 5, June 2015

ZHD-SCE Zero Halogen, Diesel Resistant, Heat Shrink Identification Marker Sleeves for the identification of wires and cables.

ZHD-SCE is presented as cut sleeves organised in ladder format.

Manufactured using a specially developed radiation cross-linked, zero halogen material. ZHD-SCE is designed specifically to bridge the gap for installations where the highest performance is demanded from an identification sleeve, without compromising on safety or capability.

ZHD-SCE Heat Shrink Identification Marker Sleeves are available as part of a complete identification system. The system comprises specific printers, thermal transfer ribbons and WINTOTAL software.

Features

- Zero Halogen
- Low Toxic Fumes
- Non-flame propagating
- Resistant to key rail and industrial fluids including diesel (defined by RW-2536)
- Sleeve diameters from 2.4mm to 38.1mm
- Shrink ratio 2:1

Applications

- Pre-termination Cable Identification
- Suitable for locations where there is a fire risk to people or equipment
- Suitable for installations that require outstanding fluid resistance, especially from diesel, from a zero halogen identification sleeve
- Rail, Mass transit, Aerospace, Marine and Heavy Industrial

Temperature Rating

- Operating Temperature Range -55°C to 125°C (-67°F to 257°F)

Design For Environment

- Does not contain any declarable or prohibited substances from the UNIFE Railway Industry Substances List
- No Halogens, Sulphur, Nitrogen, Phosphorus and Cadmium sources above trace level. The flame retardant used in this product does not contain melamine cyanurate
- Further information and a downloadable declaration covering RoHS and REACH compliance can be found at the 'TE Product Compliance Support Centre':
<http://www.te.com/en/resources/product-compliance.html>

Specifications / Approvals

TE Connectivity Standard **RW-2536**

Rail Standards

EN45545-2, Hazard Classifications 1 and 2, In accordance with requirement set R22/R23

BS 6853 Code of practice for fire precautions in the design and construction of passenger carrying trains.
Interior minor use of materials of mass 100g to 500g vehicle category II

EN 50343 Rolling stock applications - Rolling stock - Rules for installation of cabling
- Appendix H

Where possible, TE has tested product as a finished item, including the print. Operational tests are followed by an assessment of mark adherence to validate fit form and function. Further details can be found in TE standard RW-2536.

Part Description	
<u>ZHD-SCE</u>	<u>-1K</u> <u>-4.8</u> <u>-50</u> <u>-S1</u> <u>-9</u>
	9 Colour
	S1 Scoring (Optional)
	50 Sleeve Length (mm)
	4.8 Expanded Inside Diameter (mm)
	1K Pack size
ZHD-SCE	Product family

Dimensions in mm (inches)

Options

Pre-scoring	Perforated score to produce multiple marker sleeves from each ZHD-SCE sleeve.				
	Not scored		Code	Blank	
	Side scored		Code	SS	
	Sided scored with one pre-score		Code	SS1	
	1 Pre-score		Code	S1	
	2 Pre-scores		Code	S2	
Packaging sizes	<blank>		250 piece packs available for all sizes		
	1K		1000 piece reels available for all sizes up to 25.4		
	2.5K		2500 piece reels available for sizes 4.8 up to 25.4		
	5K		5000 piece reels available for sizes 2.4 and 3.2		
Colours		Yellow	White		
	Code	4	9		
		Red	Green	Blue	Orange
	Code	2	5	6	3

Specify product name, pack size (leave blank for 250), sleeve size (in mm), sleeve length (always 50), pre-score (leave blank if not required) and colour

Printer Information

Print quality and print performance can only be guaranteed when specific TE printer and ribbons are used.

The current list of printers and ribbons can be found in TE document 411-121005 'Identification Printer Product Ribbon Matrix'. This document can be found in 'Access Our Tools':

<http://www.te.com/usa-en/utilities/access-product-tools-and-resources.html>

Software

Heat Shrink Identification Sleeves are fully supported by WINTOTAL and PrintEasy label printing software, available from the Identification Printer Software page:

<http://www.te.com/usa-en/products/identification-labeling/printers-software/printing-software.html?tab=pqp-story>
