

LP SERIES

- Gas-tight screw clamp termination
- Single-, double- and triple-level blocks for high density applications
- Available in 5.00, 5.08, 7.50, 7.62, 10.00 and 15.00 mm pitch
- 90°, 135° and 180° wire orientation
- Available with test points
- Wire size range: 26...12 AWG
- 300 V, 15 A UL rating
- Wide range of accessories available:
 - disconnect terminals • disconnect elements • fuse holders
 - test plugs • LED holders
- Double- and triple-level blocks are footprint compatible with LM (screw clamp) and LMZF (tension clamp) terminal block series for added flexibility

■ Screw Clamp
