# SERVICE CLEANING PRODUCTS

## SURFACE CLEANING

### LCD & Plasma Screen Cleaner

Designed to clean sensitive surfaces including non-glare LCD and plasma screens. Gel formula will not run down into sensitive equipment. Best if used with 2368-2 wipe.

- Cleans sensitive surfaces
- Alcohol & ammonia free
- Scratch-free
- Streak-free

**NEW!** 1605-6FP 6 oz finger-pump spray bottle

### LCD & Plasma Screen Cleaning Wipes

Soft and low-linting microfiber terry cloth is ideal for cleaning and polishing LCD and plasma screens, plexi-glass, chrome, and other sensitive surfaces. Buffs surface to a shine with or without cleaner. Use with 1605-6FP cleaner.

- Cleans & polishes sensitive surfaces
- Washable (avoid fabric softener)
- Effective wet or dry
- Low-linting

**NEW!** 2368-2 2 16" x 16" dry wipes w/hemmed edges

### Glass Cleaner

Foaming, non-streaking glass, plastic and surface cleaner.

- Non-Streaking
- Safe on Glass & Plastic
- Non-Flammable

**NEW IMPROVED!** 1625-18S 18 oz. aerosol

### Microfiber Glass & Plastic Cleaning Wipes

Cleans and polishes glass or plastic. Ideal for removing fingerprints and light oils without the use of solvent cleaners.

- Cleans & polishes glass or plastic
- Low-linting
- Washable (avoid fabric softener)

**NEW!** 2363-50 50 8" x 8" dry wipes w/hemmed edges

Also available:

### Duster

Ultra-pure, moisture-free dusting gas.

1671-10S 10 oz 134a Duster – Non-flammable  
1673-10S 10 oz 152a Duster – Economical

## GENERAL CLEANING

### IPA Cleaning Wipes

Low-linting wipes saturated with 70% IPA, 30% DI water are ideal for effective and economical cleaning. Clean SMT stencils, electrical contacts, equipment surfaces, printed circuit boards, and much more.

New folded wipes (1608-100BX) avoid particulate contamination common with standard pop-up dispensers. Box dispenser allows for one-hand dispensing.

- Low linting
- Convenient packaging
- Strong, general purpose cleaner

**NEW!** 1608-100BX 100 folded wipes in dispenser  
1608-100DSP 100 pop-up wipes

### Blue Maintenance Wipes

Hydroentangled cellulose/polyester wipe has high absorbency and very durable – wet or dry. Economical but very high quality wipes are ideal for production and maintenance applications.

- High absorbency
- Lint-Free

**NEW!** 2364-50 12" x 12" dry wipes  
2365-300 9" x 9" dry wipes
