

BETWEEN SERIES ADAPTERS

Connex between series adapters are used to join two connectors of different series. They are designed to offer the lowest VSWR rating of the two series involved. Here is a listing of all adapters shown in this section. In-series adapters can be found at the end of each series listed.

Description	P/N	Page	Description	P/N	Page	Description	P/N	Page
SMA Plug/BNC Jack	242102	172	SMA Plug/Mini-UHF Jack	242116	174	N Plug/TNC Jack	242130	176
