

PRODUCT CHANGE NOTIFICATION

Date: June, 05, 2018
PCN: PCN LEDIL 143

Subject: PCN 143 - Change of adhesive tape material

Description: As part of our continuous improvement process regarding quality and logistics of our products, LEDiL will change all existing 0.4 mm thick polyurethane foam tapes that are used in our product assemblies to acrylic foam tape. Based on extensive testing the new adhesive tape will perform as well or better than the previous adhesive tape.

Time line: We will deplete old stock before making the change. First phase for the change takes place on July 1st, 2018. The tape material will be changed to all 0.4mm thick tapes within 12 months (by July 1st, 2019).

Changes: LEDiL will change all our existing 0.4 mm thick polyurethane foam tapes to acrylic foam tape. The new adhesive tape will also be 0.4 mm thick and the colour changes from black to dark gray. First product families to get an updated adhesive tape will be SPUTNIK, TITANIUM, IRIS, EMILY, EVA, MINNIE, MIRA, LEILA, EMERALD, RITA, REBECCA, HEIDI, TINA, FLARE and BOOM. Other product families will get new adhesive tapes after this without further notice.

NEW TAPE

OLD TAPE
