## Technical data

### Dimensions

|                |           |
|----------------|-----------|
| Length         | 5 mm      |
| Width          | 6 mm      |
| Terminal width | ? 6,00 mm |

### Materials

|                           |               |
|---------------------------|---------------|
| Marker material           | Polyamide 6.6 |
| Flammability class UL 94  | V-2           |
| Working temperature, min. | -40 °C        |
| Working temperature, max. | 105 °C        |
| Halogen-free              | ✓             |

### Print

|                                                                               |                  |
|-------------------------------------------------------------------------------|------------------|
| Printing process                                                              | Thermal transfer |
| Number of characters, horizontal                                              | 3                |
| Rows when using font size 1.6 and plotter pen 0.25, horizontally aligned text | 2                |
| Number of characters, vertical                                                | 3                |
| Rows when using font size 1.6 and plotter pen 0.25, vertically aligned text   | 2                |
| Colour                                                                        | White            |

### Environmental Product Compliance

|                                |            |
|--------------------------------|------------|
| REACH Conform                  | yes        |
| REACH Reference date           | 2021-01-09 |
| REACH Candidate Substance Note | No         |
| RoHS Conform                   | yes        |
