

REACH COMPLIANCE STATEMENT

Regulation (EC) Nr. 1907/2006

A PERFECT ALLIANCE.

Under the terms of Article 3 of the REACH Regulation, ODU is a producer of articles and consequently a downstream user. Therefore, we are not subject to obligation to register chemicals.

As provided for by REACH, the substances we use to manufacture our products are without exception those for which sufficient information in the form of safety data sheets is available to us.

ODU affirms that it follows the REACH Regulation updates and it compares these with the substance information provided to the company. The extension of the Candidate List of SVHCs and the new additions of substances to Annex XIV and Annex XVII are being closely monitored. We will comply with any obligation to communicate further information, if such arise.

Based on the information provided by our suppliers, certain substances on the Candidate List are contained within some of our products in concentrations above 0.1 % (w/w).

Please note that the ODU products that contain substances on the Candidate List may further be used without limitations.

The complete and latest list of SVHCs can be found on the ECHA website:

<https://echa.europa.eu/candidate-list-table>

If further clarifications are needed please contact our Product Compliance Team (productcompliance@odu.de).

The information given in this statement is based on our current state of knowledge. We cannot issue a warranty or assume liability for factors that lie outside the state of our knowledge and control.
